

## "Christmas The Whole Year Round" - Sabrina Carpenter

[Intro]

One, two, one, two, three

[Chorus]

Let's make the whole year Christmas

No reason to forget this

Feeling like we're feeling now

Gotta keep it going all year round

Let's keep the sleigh bells ringing

We'll keep the whole world singing

Feels so good, why stop now?

Let's make Christmas the whole year round

[Verse 1]

I don't mind if snow's not falling down

Santa's still around, he's not left town

We've still got our Christmas tree

Mistletoe, and the red and green

And all I need is you next to me

To make every night Christmas Eve

[Chorus]

Let's make the whole year Christmas

No reason to forget this

Feeling like we're feeling now

Gotta keep it going all year round

Let's keep the sleigh bells ringing

We'll keep the whole world singing  
Feels so good, why stop now?  
Let's make Christmas the whole year round

[Verse 2]

All those pretty lights still shine away  
And Rudolph and his friends, they're still at play  
We'll keep that fire burning  
Though the calendar is turning  
Why stop at 1, hey what for?  
When we can have 364 more

[Chorus]

Let's make the whole year Christmas  
No reason to forget this  
Feeling like we're feeling now  
We gotta keep it going all year round  
Let's keep the sleigh bells ringing  
We'll keep the whole world singing  
Feels so good, why stop now?  
Let's make Christmas the whole year round

[Verse 3]

We've still got our Christmas tree  
Mistletoe, and the red and green  
And all I need is you next to me  
To make every night Christmas Eve

[Chorus]

Let's make the whole year Christmas  
No reason to forget this  
Feeling like we're feeling now  
Gotta keep it going all year round  
Let's keep the sleigh bells ringing  
We'll keep the whole world singing  
Feels so good, why stop now?  
Let's make Christmas the whole year  
Make Christmas the whole year  
Let's make Christmas the whole year round  
  
Let's make Christmas the whole year round
