

"Silver Nights" - Sabrina Carpenter

(Baby, baby

Baby, baby)

You're the best present ever

Life's a snow globe when we're together

Like a Norman Rockwell picture

Baby, baby

It's crazy how

We're walking around this frozen town

And I'm wrapped up like a bow

In your arms, shooting stars

Are bouncing off the snowflakes

Falling down and decorating all the tangled lights

There's nothing like these silver nights with you!

(Baby, baby)

Streets are crowded, stores are busy

Sipping cocoa, I'm just wishing

There'll be a mistletoe, so you might kiss me

Walking around this frozen town

And I'm wrapped up like a bow

In your arms, shooting stars

Are bouncing off the snowflakes

Falling down and decorating all the tangled lights

There's nothing like these silver nights with you!

Ooo-ooo-hoo-oo-oo

Ooo-ooo-hoo-oo-oo

Ooo-ooo-hoo-oo-oo

Ooo-ooo-hoo-oo-oo

Baby, baby (baby, baby)

(I love these silver nights)

Baby, baby (baby, baby)

(I love these silver nights)

Baby, baby (baby, baby)

(Silver nights)

Baby, baby (baby, baby)

I love these silver nights

Walking around this frozen town

And I'm wrapped up like a bow

In your arms, shooting stars

Are bouncing off the snowflakes

Falling down and decorating all the tangled lights

There's nothing like these silver nights

Nothing like these silver nights

Nothing like these silver nights with you!
